R 1127 D 11-8-45
from the Municipal Commr Bombay
AS p n 488 / 45-46- D1-7-1
Furnishes a return in the matter.

It is seen from the Municipal Commr's report that two Milk Centres - one in the Parnaika Chawls in the II Division, and the other in Behrampada in III Division have been opened.

2) In both these Centres 476 children under two years of age and 268 expectant mothers have been served with Milk during June, 1945

3) The total quantity of milk distributed is 1261 seers and the average number of persons benefitted

1684/ 5390/K/ 2816/L

by this Scheme is 97 per day

13) It has been decided to open a III ~~Division~~ Centre in the IV Division, where it would be possible to supply more milk to expectant mothers and children

14) Refer 16 4 of the Notes thereon

The 1/10

From the Municipal Commissioner Bombay City

As per R 243-44, dated 11-10-45,

Requests Sanction of Government to the resolution dated 17-9-45, to open 18 Milk centres for supplying milk to 3500- children below two years of age in the city, at the cost of the Municipality, provided that the Government agree to bear the cost of milk required for distribution at these centres

15) The proposal involves an annual expenditure of Rs 1,88,000- as detailed below -

1) Cost of milk at 2 seers a rupee - Rs 13,125- p.m.
or
Rs 1,57,500- p.a

2) Cost of establishment - 30,500- p.a

Total Rs 1,88,000.

16) The City Municipal Council have requested

2816/L

the Government to meet the cost of the land required for distribution at the centres to the extent of Rs 1,57,500- per annum, the balance cost of the Scheme being met by the Municipality.

17) Said reference is related to G.O. No 2685-7 PH 10-44-5 dt 9-1-45, Sanctioning the opening of the three Milk centres in Bangalore, the expenditure being met by the city Municipal Council

18) It is seen from the reference flagged 'A' that the proposal has been formulated with reference to letter No S D 477/A-14-44-12, dated 21-7-44, from the Secretary to Government, Development Department, addressed to the Director of Food Supplies

19) If approved this will be sent to the Food Supplies Section Refer para 1 Supra

20) A may be done.

Which is to open 18 Milk Centres, the cost of the Milk @ Rs 13,125 per month being borne by Govt. These Centres are to supply Milk to 3500 Children below 2 years of age in Bangalore City. The milk is apparently to be supplied free, in contrast to the Bombay Scheme under which it is to be sold at a reduced Rate (As per a note in CM Sft) The cost of establishment for the Milk Centres (details not furnished) is given as Rs 30,500 (per year)

2) As this is a general question involving a matter of policy in regard to Milk Centres it seems desirable that the D S & Secy should deal with the proposal, if necessary in consultation with the D F S

Furnishes his opinion on the proposal of the City Municipality to start 18 Middle Centres in Bangalore City to cater to 3500 Children under two years of age

SECTION
1946
APPV SECTT

36) After examining in detail the Schemes for the supply of free milk to the Expectant and nursing Mothers and Children adopted in Madras, Bombay and the 6 of the States, Bangalore, the Addl Director of Food Supplies in Mysore has expressed the

following Opinion.-

1) The System of Substituting and helping Cooperative Milk Societies as in Madras, to ensure a steady Supply of satisfactory milk may also be Considered

2) It would be sufficient for the present to cater to only 3,500 children in Bangalore — the Cost of the milk being Rs 13,125- a month

3) The Scheme may be sanctioned, further details being worked out by the Bangalore City Municipality

37) This means that the Director of Food Supplies has fully ~~agreed~~ supported the Scheme of the Municipality

38) The proposal involves an expenditure of Rs 1,57,500/ per annum, to Government, for which there is no provision in the next Years' Budget

39) It is seen that in Bombay and in the

8783 2816

G & M Station, Bangalore, Milk is not supplied free, as is done in Madras, but at Concession rate — i.e at half of the prevailing market rate, the other half of the cost of milk being borne by the Govt.

4(i) It is reported that the scheme adopted in G & M. Station, Bangalore, has involved an expenditure of Rs 50,000/ per annum.

(ii) With a view to minimise the expenditure to Govt, it is for consideration, if a Concession rate may not be charged in Bangalore city also

4(2) On 23-9-1944 the Director of Food Supplies has reported that the question of Milk Supply to Bangalore city is engaging the attention of the Agricultural Deptt. It is not known if the Director of Agriculture has formulated any schemes in this behalf

4(3) Refer paras 30 & 31 Labour proposals of the Mysore Govt contained in Flag N Revised

OFFICE OF THE
DIRECTOR OF FOOD SUPPLIES
IN MYSORE

Bangalore, dated 1st June *194* 6

From

K. Srinivasan, Esq., B.Sc
Addl. *Director of Food Supplies*
in Mysore, Bangalore.

To

J.B. Mallaradhya, Esq., M.A.,
Secretary to Government,
REVENUE DEPARTMENT, BANGALORE.

Sir,

Subject Milk Centres in Bangalore City.

****

3/6

With reference to your letter No L 10198 dated 2-4-46 calling for my views regarding the proposal of the Bangalore City Municipality to open eighteen milk centres in Bangalore City, I have the honour to state that with a view to examine the proposal I obtained copies of the Madras, Bombay and Cantonment Schemes and discussed them all with the Health Officer, Bangalore City in my office on 27-5-1946.

2. It is ascertained from the Health Officer, that the Bangalore City Municipality have been running two centres at present and catering sixty seers of fresh milk per day to about 240 children under two years of age and to a few expectant mothers The supply of fresh milk is obtained from Contractors on tender who deliver milk at the Depot itself at two seers a rupee Occasionally test checking is done only regarding the quality of the milk The possibilities of getting supplies of milk from Hesaraghatta Dairy, Dinshaw's Dairy, City Milk Supply, Bharat Dairy, were examined and it was felt that for the present as the scheme is still in its infancy, the tender contract system may continue It was said by the Health Officer that the Municipality have submitted proposals to Government for starting a Municipal Dairy, but it will take a considerable time before this could start working The system of subsidising and help-

and helping Co-operative Milk Societies as in Madras to ensure a steady supply of satisfactory milk may also be considered.

3. In Bombay supplies of milk are arranged through contractors who are 37 in number Each supplier is allotted a certain number of morning and evening centres and has to supply pure and fresh milk containing not less than 6% of fat and 9% of solids other than fat at the centres at 0-12-0 annas per seer.

4. In Madras distribution of milk to the catering centres is entrusted to a Co-operative Milk Supply Union There are 12 Co-operative Milk Supply Socieities each with forty animals. Certain facilities are provided to these Societies, such as loans, construction of milking sheds, transport, milk cans, employment of Junior Inspectors for managing the Societies. Actually in Madras, there are two schemes worked through the Municipal Corporation One of these is intended to benefit the expectant and nursing mothers and toddlers (Under 2 years of age) and the other is designed to benefit the Elementary School Children. Supply of milk to both the classes of consumers referred to above, is done free and Government bear the entire cost.of milk In Bombay and Cantonment, Bangalore, Milk is not given free as is done in Madras but at concessional rate i e., at half the prevailing market rate, the other half of the cost of milk being borne by Government.

5 In Bombay a Special Officer is appointed to look after the milk Distribution work Test Checking is done systemmatically and very effectively Samples of milk

Samples of milk from each centre are taken daily and at various times to the Municipal Laboratory where the quality of the milk is examined

6 In Bangalore Cantonment milk is sold at concessional rates on ration cards and is not given free. The class of people ~~be~~ benefited under this scheme are infants below two years of age. The Health Officer, Bangalore City mentioned during our discussions that this scheme has involved an annual expenditure of Rs 50,000/-

7 The scheme that is now designed by the Bangalore City Municipality intends to start immediately 18 centres, each centre with an establishment of one Mid-wife, one Ayah, and one servant The total annual expenditure involved is Rs 30,600/- as per details given by the Municipality It is proposed to cater to 3,500 children under two years of age, at 200 children in each centre , The quantity of milk to be served to each child is 1/4 seer or 875 seers to all the 3,500 children The cost of 875 seers of milk at 2 seers a rupee will amount to Rs.437-8-0 per day and Rs 13,125/- a month. The proposal of the Municipality is that this cost should be borne by Government According to the latest figures available, thepopulation of Bangalore City is 4,61,000 Calculated on the basis on which the Health Officer has worked out, Children under 5 years of age are 5% of this population Viz 23,050 Half of this number i.e , 11,525 is taken to be the number of children below 2 years of age About 50% of children under 2 years of age -- which comes to 5,762 -- it is assumed would avail themselves of the Scheme. As the cost of supplying milk to 5,762 Children will be proportionately more, it will suffice for the present to cater to only 3,500 children as proposed by the Health Officer

8 I have examined the Scheme in comparison with those prevai

those prevailing in Bangalore Cantonment, Madras and Bombay, and I am of opinion that it is beneficial to the vulnerable classes of population from the nutrition point of view The Scheme may be sanctioned, further details being worked out in consultation with the Bangalore City Municipality.

9 Copies of Literature regarding Bombay, Madras and C & M. Station, are enclosed for information, which may kindly be returned when done with.

I have the honour to be,
Sir,
Your most obedient servant,

ADDL DIRECTOR OF FOOD SUPPLIES.

MKR.3

Copy of G O Ms No 2065 dated the 29th May 1945

GOVERNMENT OF MADRAS
Abstract.

CIVIL SUPPLIES - Milk - Madras City - Supply to Priority consumers - Scheme for free distribution through the Maternity and Child Welfare Centres under the Corporation - Registrar's Proposals for the supply of milk by the Madras Milk Supply Union - Orders passed

- -

DEVELOPMENT DEPARTMENT

G O Ms No 2065, dated the 29th May 1945
Read the following -

(i) From the Registrar of Cooperative Societies, R O C No 2626-45 C, dated/27-2-1945
(ii) From the Commissioner, Corporation of Madras, No.A 1 828 of 1945 dated 30-4-1945
(iii) From the Director of Public Health R.No 21263-1-N 45, dated 8-5-1945

O R D E R.-

The Government have decided to supply milk free of cost to the priority consumers, viz., children under 2 years of age and expectant and nursing mothers, in Madras City through the Maternity and Child Welfare centres under the Corporation of Madras with a view to improve the health of the community and to popularise these centres The total period including expectancy and nursing for which a mother is eligible to obtain milk under this scheme is 8 months, made up of 6 months of expectancy and 2 months of nursing The milk will be paid for by the Government and placed at the disposal of the Corporation for free distribution Orders regarding the arrangements connected with the payment of cost of milk and accounting procedure relating to the transactions under the scheme will be -- issued separately

2. The Registrar of Cooperative Societies has submitted with his letter cited, a scheme for the supply ultimately of 1,500 Madras Measures of milk per day by the Madras Cooperative Milk Supply Union for distribution to the priority consumers referred to in paragraph 1 above The scheme provides for the formation of 12 Cooperative Milk Supply Societies each with 40 animals An output of about 720 measures of milk per day(60 measures from each of the 12 societies) is expected at first This output is expected to rise in the course of 3 to 6 months to about 1,500 measures of milk per day The Government approve the scheme generally and pass the following orders on the Registrar's proposals under the scheme.

(1) LOANS TO MEMBERS OF THE MILK SUPPLY SOCIETIES FOR THE PURCHASE OF MILCH ANIMALS

The Registrar has proposed that the Government may provide for an interest free advance of Rs 1 20 lakhs for the grant of loans to members of Cooperative Milk Supply Societies under the scheme to enable them to purchase milch cattle The Government accept the proposal. These loans should be granted by the Registrar in accordance with the rules for the grant of state loans to Co-operative Milk Supply Societies approved in G O Ms No 1240, Development, dated 26-3-1945

(2) CONSTRUCTION OF MILKING SHEDS, PROVISION OF EQUIPMENT ETC , FOR THE SOCIETIES

In order to ensure the quality of milk produced by

by the members of the Societies the Registrar has suggested that common milking sheds may be constructed at 12 centres wherein the cows will be milked under proper supervision. Each shed is estimated to cost Rs 2000/-. The Registrar has also proposed that each of the 12 Societies may be provided with equipment and furniture at a cost of Rs.650/- The Registrar's estimate does not include the cost of site The total estimated cost of the sheds, equipment and furniture at the 12 centres works out to Rs.31,800/- The attention of the Registrar is invited to the suggestions referred to in paragraph 1(3) of G O M s No 1239, Development dated 26th March 1945 and he is requested to submit revised proposals in this regard with reference to those suggestions

As regards equipment, furniture etc the Government direct that the expenditure on this account should be shared equally by the Madras Milk Supply Union and the Milk Supply Societies concerned

(3) Provision of controlled motor vehicles for transporting the milk

The Registrar has reported that a quick system of transport is an essential auxiliary for efficient distribution of milk under the scheme and has suggested that 3 controlled motor vehicles may be provided for the purpose The Provincial Motor Transport Controller is being addressed regarding the availability of the Vehicles required for the scheme Orders in this regard will issue separately,

(4) Provision of milk cans for the storage of milk by the Madras Co-operative Milk Supply Union

The Registrar has propoposed that the Madras Co-operative Milk Supply Union should arrange for the collection of the milk and for its delivery at the Ayyanavaram Dairy at fixed hours in the mornings and in the evenings and that the Corporation should take delivery of the milk at the dairy as the military are now doing For this purpose the Registrar has suggested that the Government or Corporation should provide the Madras Milk Supply Union with a sufficient number of milk cans in which the milk can be stored and despatched to the distribution centres These cans are estimated to cost Rs 4,300/- The Government approve the Registrar's proposals The cost of the cans will be met from Provincial Funds

(5) Employment of Junior Inspectors of Co-operative Societies for managing the Milk Supply Societies.

In order to ensure efficient working of the milk supply societies and prompt collection and delivery of milk at the centres the Registrar has proposed the employment of 12 Junior Inspectors of Cooperative Societies for a period of one year at the rate of one Inspector per Society The Government consider that the production side of the present scheme can be merged with that of the scheme sanctioned in G O Ms N o 1239 Development dated 26th March 1945 under which 12 Junior Inspectors have been allowed at the rate of one for every 4 societies They therefore sanction the employment of 4 Junior Inspectors of Co-operative Societies on Rs.55-85 per mensem to be in charge of the 12 societie to be started under the present scheme The cost of this staff will be met by Government

(6) Employment of staff for general supervision.

The Government consider that the supervisory staff of

of 3 cooperative Sub Registrars and 2 Veterinary Assistant Surgeons sanctioned for the scheme designed to augment supplies of milk to Madras city by 6000/- measures per day and the two Dairy Experts in the Co-operative Department can be utilised for the present scheme also The Government do not therefore sanction separate supervisory staff for this scheme

(7) Price of milk. The Government approve the Registrar's proposals that the milk supplied by the Madras Co-operative Milk Supply Union under the scheme should be paid for at the same rate as that at which it supplies milk to the State hospitals in the City from time to time

3. The Government approve the action of the Commissioner of the Corporation of Madras in having started the scheme referred to in paragraph 1 above with necessary staff from 1st May 1945 in anticipation of the sanction of the Government in five selected centres with the 250 measures of milk per day supplied by the Madras Milk Supply Union.

(By order of His Excellency the Governor)

R M.SUNDARAM,
Addkl Secretary to Government

CIVIL SUPPLIES - Milk - Madras City - Supply to poor and defective children reading in Corporation Elementary Schools by diverting milk from Madras and St Thomas Mount Army Milk Schemes - Orders passed

---

Food Department.

Order Ms No 140. Dated 30th March, 1946.

Read the following
G O No Ms No 1630, Development dated 12 4 44
G O No. Ms No 2316, Development dated 31 5, 1944

--

O R D E R

The Madras Co-operative Milk Supply Union has been supplying 8,000 lbs of milk daily to the Army under the Madras and St Thomas Mount Schemes mentioned in the G.Os quoted above. The Army have now offered to surrender the entire quantity of milk for the use of the civil population

2 The Government consider that during that the present shortage of food the milk to be released should be made available for the School-going children who are the most vulnerable part of the population so that permanent injury to growing children likely to be caused by deficiency in diet may be avoided They have decided to make use of this supply of milk for distribution by the Corporation of Madras to pupils reading in its Elementary Schools who stand most in need of it, at the rate of one ollock or 8 oz for each pupil per day on all days including holidays but not during the summer holidays The order of preference will be

i Poor children in schools in slum areas who are not supplied with midday meals,
ii. Poor children in schools where midday meals are not now provided,
iii. Poor children who are Defective children in other schools suffering from malnutrition
iv Poor children who have not been receiving midday meals but do not as yet show signs of malnutrition.

The scheme will be in force until the 30th September, 1946

3. The Government pass the following orders to give effect to the scheme after consulting the representatives of the Army, the Commissioner, Corporation of Madras, the President of of the Milk Supply Union and the Registrar of the Co-operative Societies

(1) The interest-free advance of Rs 2 40 lakhs which the Army have made to the Milk Supply Union for giving loans to its members to purchase milch animals will be recovered in monthly instalments and the whole of the outstanding advance shall be completely repaid before 31st December, 1946 The recoveries effected from the members each month will be credited to the Army before the 10th of the following month

(2) If any milch animal purchased out of the advance referred to above dies on account of epidemics or causes beyond the control of the union before 1st October, 1946, the value of the animal will be written off at the cost of the Army

(3)

-2to-

(3) The Army will obtain the approval of G.H.Q. to the transfer of the milk ~~cows~~ free of cost to the Union and will allow the use of the Capital items of equipment installed by them on payment of normal depreciation charges of 10 % per annum of the book value The Government will bear the expenditure/on receipt of a further communication from the Army

(4) The Union will be allowed for a maximum period of three months, or till Civil Supplies transport becomes available, whichever is earlier the use of the Army Lorries now engaged for collecting milk and will supply 8,000 lbs of milk daily to the Madras Corporation who will be responsible for the actual distribution of milk to the School children from the main centres. The milk to be supplied will be pasturised by the Union and will be delivered to the Corporation at the three midday meal centres organised by it as follows.

4000 lbs. of pasturised milk to be delivered at about 9 a.m

4000 lbs of pasturised milk to be delivered at 1 p.m

The Government will pay the Army for transport at a rate to be settled later The necessary bills will be sent to the Registrar of Co-operative Societies at convenient intervals and will be passed for payment by him

(5) The Army will allow the union the use free of charge /~~e.ec ed~~/ of the cattle sheds ~~xxxxxx~~ by them at St Thomas Mount upto 30.6 1946 The Registrar of Co-operative Societies is requested to submit urgently proposals for housing the animals after 30.6 1946

(6) The entire cost of the daily supply of 8000 lbs of milk will be borne by the Government and will be paid to the Union at the rate of Re 1/- (Rupee one only) per Madras measure for the present The union should present the bill for each calendar month's supply to the Registrar of Co-operative Societies The Registrar should pass the bill formayment

(7) An advance representing the cost of one month's supply of milk will be made by the Government to the Union

(8) The Government will meet the entire cost of the staff already sanctioned in connection with the Madras and St.Thomas Mount Milk Schemes

(9) The Corporation should bear the entire cost of the staff appointed by it for the distribution of the milk as also all expenditure on ~~cans~~ and other utensils and all other incidental expenditure under the scheme.

(10) Orders will separately issue regarding the incidence of cost of transport used by the Corporation for distribution of the milk to the Schools

The expenditure in connection with the scheme will be debited to "42 - Cooperation -sb - Superintendence" The Accountant-General is requested to admit the expenditure in audit pending provision of funds. The Registrar ofCo-operative Societies is requested to submit proposals in due course, for the provision of necessary funds

6.The Government consider that in order to give some relief to the general public a scheme should be worked out for selling the milk produced during the summer holidays, when the schools remain closed, at a reduced rate in Depots run by the Milk Supply Union located in poor localities of the city The

9/

[redacted] Co-operative Societies is requested to submit [redacted] proposals in this regard before 15.4.1946, as the schools [redacted] for the summer holidays by the end of April

6. The Registrar is also requested to make it clear to the [redacted] Supply Union that the continuance of the scheme beyond 30.9.46 is not certain and that the Union should start making arrangements even now for diverting the entire quantity of milk to Civil consumers. The position should be reviewed and a report submitted to the Government early in August, 1946

Abstract

CIVIL SUPPLIES - Milk - Madras City - Supply to Priority consumers - extension - Proposals of the Commissioner, Corporation of Madras - Orders passed.

==========

Food Department.

G.O No Mis. 25, Dated 28th February 1946.

Read the following -

G O No Ms. 2065, Development, dated 29-5-1945.

Read also 1 From the Commissioner, Corporation of Madras, No E1-437 dated 13-10-1945.

2 From the Registrar of Cooperative Societies, Rc 14,272/45-I dated 17-11-1945.

3 From the Commissioner, Corporation of Madras, to the Commissioner of Civil Supplies, E1-437/45 dated 12-1-1946

ORDER

The Commissioner, Corporation of Madras has proposed that the scheme of free supply of milk to priority consumers sanctioned in G O No 2065, Development, dated 29-5-45 may be extended to

1) toddlers upto 5 years of age at the rate of one ollock of milk per day.

2) Poor Tuberculosis patients who attend the Corporation Tuberculosis Clinic at Pulianthope and who are certified by the Medical Officer of the Clinic as deserving (including contact children upto 7 years of age) at the rate of about ½ a measure of milk per day for about 60 to 60 patient

2. These proposals have been examined by the Government in consultation with the Board of Revenue (Civil Supplies) and the Registrar of Cooperative Societies The Government accept the proposal to include under the scheme toddlers upto 5 years of age, who are to receive one ollock of milk per day each. As for ~~note 5 years of age,~~ the proposal in item 2 of para 1, the Government consider that the Corporation should make its own arrangements to supply milk to Tuberculosis patients and to meet the cost from its own funds. It will be invidious on the part of the Government to include Tuberculosis patients in the Corporation Clinic alone among priority consumers

(By Order of His Excellency the Governor)

CITY OF BOMBAY MILK (SUPPLY TO CHILDREN AND EXPECTANT AND NURSING MOTHERS) ORDER

FINANCE DEPARTMENT (SUPPLY)

Bombay Castle 9th August 1944

No C R 81 —In exercise of the powers conferred by rule 81 of the Defence of India Rules the Government of Bombay is pleased to make the following Order in respect of the City of Bombay namely —

1 [1](1) This Order may be called the City of Bombay Milk (Supply to Children and Expectant and Nursing Mothers) Order 1944

(2) It shall come into force on such date as the Provincial Government may by notification in the Official Gazette appoint in this behalf

2 In this Order unless there is anything repugnant in the subject or context—

(1) concessional price means such price as may be notified in the Official Gazette from time to time by the Provincial Government

(2) Controller of Rationing includes the Joint Controller of Rationing and the Deputy Controller of Rationing

[1](3) Child means a child below the age of six years

[2](3*a*) Expectant mother means a woman who is likely to be confined within a period of 180 days from the date on which an application is made by her for obtaining a ration card

(3*b*) Nursing mother means a woman who has delivered a child and has not completed a period of 60 days from the day of the delivery [2]

(4) milk distributing centre means a person in charge of a milk distributing centre conducted under the supervision of the Municipal Commissioner for the City of Bombay or any officer authorised by him for the purpose

(5) ration card means a ration card to obtain milk for the benefit of [3]a child or an expectant or nursing mother[3] issued under the provisions of this Order

(6) Rationing Officer means an officer appointed as such by the Provincial Government and includes an Assistant Rationing Officer and a Chief Inspector specially authorised in this behalf by the Controller of Rationing

CHAPTER I

General

3 (1) With a view to supplying milk through a milk distributing centre at concessional price for the benefit of [4]children and expectant and nursing mothers[4] the Provincial Government may issue or cause to be issued ration cards

(2) The Controller of Rationing or an officer authorised by him in this behalf may at any time whether at the request of the person to whom any ration card has been issued or *suo motu* after making such inquiry as may be deemed necessary add to amend vary or rescind the ration card Where any ration card is rescinded any person in possession of it shall forthwith deliver the same to the Controller of Rationing or the authorised officer as the case may be

4 Milk at concessional price shall be obtainable from a milk distributing centre by means of a ration card available for lawful use and lawfully used and up to the quantity as represented by the units specified on the ration card

5 A milk distributing centre shall supply milk at concessional price under and in accordance with the provisions of this Order and against a ration card registered with it

[5]6 A ration card shall be available for lawful use only when—

(*a*) it is used by or on behalf of the child or person in respect of whom it is issued and

(*b*) such child or person is living and is in the City of Bombay and

(*c*) (*i*) in the case of a child whose date of birth is specified on the ration card it is used prior to the completion of six years from such date

(*ii*) in the case of an expectant or nursing mother and a child whose date of birth is not specified on the ration card it is used up to or on the date up to which the ration card is by an entry thereon in this behalf made available for use

7 If any ration card be defaced lost or destroyed the Controller of Rationing or an officer authorised by him may after making such enquiry as he may think fit issue a new ration card in place thereof on payment of a fee of two annas

8 When any person is in possession of a ration card and such possession is not authorised by virtue of this Order he shall forthwith deliver the same to the officer in charge of the nearest rationing office

CHAPTER II

Procedure for obtaining Ration cards and supplies thereon

[5]9 The head of any household residing or intending to reside in the City of Bombay for a period exceeding two months and desirous of obtaining milk for a child who is a member of his household and any expectant or nursing mother residing or intending to reside in the City of Bombay for the said period and desirous of obtaining milk for herself may apply to the Rationing Officer of the Municipal Ward in which such head of household or expectant or nursing mother as the case may be resides or intends to reside furnishing true and correct information in the prescribed form The Rationing Officer may make or cause to be made such enquiry as he deems fit for verification of the information furnished by the applicant

[5]10 (*a*) No head of household shall apply for a ration card in respect for a child for whom he has already obtained a ration card available at the time for valid use and

(*b*) no expectant or nursing mother shall apply for a ration card for herself if she has already obtained such ration card available at the time for valid use

Provided that nothing in sub clauses (*a*) and (*b*) of this clause shall apply to an application for the renewal of a ration card or an application for a fresh ration card in case of the expiry loss destruction defacement or cancellation of a ration card lawfully held

11 No person shall obtain a ration card by furnishing false information

12 No person shall obtain or attempt to obtain more than one ration card issued in the name of any [6]child or expectant or nursing mother[6] If more than one ration card is issued in the name of any [6]child or expectant or nursing mother[6] the person in possession of the ration cards shall forthwith report the fact and deliver or cause to be delivered the additional ration card or cards to the Rationing Officer of the municipal ward in which he resides

---

[1] This sub clause was substituted for the original sub clause by G N R D (S) No C R 81 dated 11th December 1944

[2—2] These sub clauses were inserted *ibid*

[3—3] These words were substituted for the words an infant *ibid*

[4—4] These words were substituted for the word infants *ibid*

[5] This clause was substituted for the original clause *ibid*

[6—6] These words were substituted for the word infant *ibid*

13 (1) When a person has made an application as required by clause 9 a ration card to obtain milk under this Order [1]may be issued by the Rationing Officer after the squares for the dates which have elapsed at the date of its issue are cancelled

(2) A ration card shall consist of separate [2]squares one for each day of July August September October November and December 1944 [4]and a ration card subsequently issued shall bear separate squares one for each day of the month from January to December 1945 [4] each [3]square shall be equivalent to one unit and valid for the day specified on it

(3) The quantity of milk represented by each unit on a ration card shall be ¼ seer

14 No person shall obtain milk on a ration card under this Order unless—

(a) [5]in the case of a ration card issued for a child the head of the household and in the case of a ration card issued to an expectant or nursing mother the holder of such card has signed or put his or her thumb impression[5] on the ration card in the space provided for the purpose and complied with any other directions which the Municipal Commissioner for the City of Bombay or an Officer authorised by him for the purpose or the Controller of Rationing may issue in this behalf and

(b) the holder of the ration card is registered with a milk distributing centre

15 The holder of a ration card shall be registered in the following manner namely —

(a) the head of the household [6]or the nursing or expectant mother as the case may be [6] shall present the ration card or cause the ration card to be presented at a milk distributing centre in order to enable the person in charge of the centre to enter thereon his signature and the number and address of the centre and

(b) the head of the household [6]or the nursing or expectant mother as the case may be [6] shall by himself [6]or herself [6] or through an agent permit the person in charge of the centre to detach and retain with him the counterfoil of the ration card

[7]15-A A milk distributing centre shall refuse to register any holder of a ration card if the number of holders of ration cards already registered with him will thereby exceed the limit fixed for the purpose by the Municipal Commissioner for the City of Bombay or an officer authorised by him in this behalf

16 (1) On demand and offer of the concessional price on behalf of the holder of a ration card registered with a milk distributing centre and [8]subject to the conditions prescribed by clause 16 A[8] the person in charge of the centre shall supply milk not exceeding the quantity obtainable on the [2]square

(2) Such person shall comply with any other directions that may be issued in this behalf by the Municipal Commissioner for the City of Bombay or an officer authorised by him for the purpose or the Controller of Rationing

[7]16 A Notwithstanding anything hereinbefore contained the supply of milk at concessional price under the Order shall be made subject to the following conditions namely —

(i) after the holder of the ration card is registered with a milk distributing centre such holder shall be supplied milk at a concessional price from such date as may be intimated in writing to the head of the household or the expectant or nursing mother as the case may be by the person in charge of the centre or by an officer authorised in this behalf by the Municipal Commissioner for the City of Bombay

(ii) a milk distributing centre shall not supply milk except from 6 a m to 8 a m (S T) and [4]p m to 6 p m (S T)

(iii) no person shall obtain milk on a ration card at the milk distributing centre unless he presents the ration card to the person in charge of the centre the person in charge of the centre shall not supply milk on a ration card except against cancellation of the appropriate square

(iv) if without previous intimation in writing to the milk distributing centre no supply of milk is obtained on a ration card continuously for a period of 15 days or more the person in charge of the centre may refuse thereafter to supply milk on the ration card and may intimate the head of the household or expectant or nursing mother as the case may be accordingly in writing but the supply may be resumed if within 7 days from the date of the receipt of the said intimation an explanation is offered on behalf of the holder of the ration card to the satisfaction of the Municipal Commissioner for the City of Bombay or an officer authorised by him in this behalf

(v) if the date of birth of a child holding a ration card is not specified on such ration card the person in charge of the centre may after the expiry of thirty days from the date of registration refuse to supply milk on such ration card until such time as the head of the household produces for the information of the Rationing Officer of the Municipal ward in which he resides a birth certificate or other evidence to the satisfaction of the said officer of the date of the child's birth

(vi) a milk distributing centre shall not be bound to supply milk to a holder of a ration card on the presentation of a card if for any reason milk is not available for distribution on the premises of such centre

17 The Controller of Rationing or an officer authorised by him in this behalf may issue instructions transferring the name of a person registered with any milk distributing centre from such centre to another

Chapter III

Notice required to be given in respect of ration card holders

18 (1) The head of the household of which [9]a child[9] holder of a ration card is a member shall notify in writing to the officer in charge of the nearest rationing office the absence of such [10]child from the City of Bombay for more than seven days The notice shall if not given in advance be given within ten days from the date of absence and shall contain the following particulars namely —

(1) Serial No of ration card
(2) Name and address of the head of the household
(3) Full name and age of the [10]child
(4) Date on which departure took place and period of expected absence
(5) Number of the milk distributing centre and its address

Provided that in lieu of giving such notice the head of the household may by himself or through an agent deposit the ration card of the [10]child before its departure with the officer in charge of the nearest rationing office or kiosk and obtain a receipt therefor If the [10]child returns to the City of Bombay within eight weeks from the date of its absence the ration card so deposited shall be returned to the head of the household or his agent on production of the receipt before the Rationing Officer of the municipal ward in which he resides

---

[1] The words for the infant for whose benefit the application has been made were deleted *ibid*

[2] This word was substituted for the word coupons *ibid*

[3] This word was substituted for the word coupon *ibid*

[4—4] These words and figures were inserted *ibid*

[5—5] These words were substituted for the words the head of the household has signed or put this thumb impression *ibid*

[6—6] These words were inserted *ibid*

[7] This clause was inserted *ibid*

[8—8] These words figures and letter were substituted for the words against cancellation of the appropriate coupon *ibid*

[9—9] This phrase was substituted for the phrase an infant *ibid*

[10] This word was substituted for the word infant *ibid*

(2) In the case of the absence of [1]a child[1] holder of a ration from the City of Bombay for more than eight weeks, head of the household of which such [2]child is a member shall surrender within nine weeks from the date of its absence to the Rationing Officer of the municipal ward in which he last resided—

(*a*) if a notice as required by sub clause (1) has been given, the ration card of such [2]child or

(*b*) if the ration card has been deposited under the proviso to sub-clause (1) the receipt therefor

And thereupon the ration card shall be cancelled

(3) In the case of death of [1]a child[1] holder of a ration card the head of the household of which such [2]child is a member shall within ten days from the date of death surrender the ration card to the officer in charge of the nearest rationing office for cancellation

[3]18-A The provisions of clause 18 shall apply *mutatis mutandis* in the case of expectant and nursing mothers holding ration cards under this Order

And all that has to be and may be done by the head of the household in respect of children in pursuance of the provisions of clause 18 shall be and may be done by nursing and expectant mothers in respect of themselves

[4]19 In the case of a ration card issued for a child the head of the household of which the child ration card holder is a member and in the case of a ration card issued to an expectant or nursing mother the ration card holder shall notify in writing any change in the address of the holder of the ration card to the Rationing Officer of the Municipal ward in which the holder would reside The notice shall if not given in advance be given within ten days from the date on which the change of address takes place and shall contain the following particulars namely —

(1) Serial number of ration card
(2) Name of the ration card holder
(3) His/her old address
(4) His/her new address
(5) Date from which change of address $\frac{\text{will take}}{\text{has taken}}$ place

[1]—[1] This phrase was substituted for the phrase an infant *ibid*
[2] This word was substituted for the word infant *ibid*
[3] This clause was inserted *ibid*
[4] This clause was substituted for the original clause *ibid*

[1]20 (1) In the case of a ration card issued for a child the head of the household of which the child is a member shall within ten days from the date on which such child completes six years of age surrender the ration card to the Rationing Officer of the Municipal ward in which he resides for cancellation

(2) In the case of a ration card issued to an expectant or nursing mother the ration card holder shall within ten days from the date on which her ration card ceases to be valid according to the date of its validity specified thereon surrender it to the Rationing Officer of the Municipal ward in which she resides for cancellation

CHAPTER I

General

3 (1) With a view to supplying milk through a milk distributing centre at concessional price for the benefit of infants, the Collector may issue or cause to be issued ration cards

(2) The Collector or an Issuing authority, may at any time, whether at the request of the person to whom any ration card has been issued or *suo motu* after making such enquiry as may be deemed necessary add to, amend vary or rescind the ration card Where any ration card is rescinded any person in possession of it shall forthwith deliver the same to the Collector or Issuing authority as the case may be

4 Milk at concessional price shall be obtainable from a milk distributing centre by means of a ration card available for lawful use and lawfully used, and up to the quantity as represented by the units specified on the ration card

5 A milk distributing officer shall supply milk at concessional price under and in accordance with the provisions of this Order and against a ration card allotted to his milk distributing centre

6 A ration card shall be available for lawful use only—

(a) when it is used on behalf of the infant in respect of whom it is issued

(b) while such infant is living and is in the C & M Station Bangalore

7 If any ration card be defaced lost or destroyed, the Collector or the Issuing authority may after making such enquiry as he may think fit issue a new ration card in place thereof on payment of a fee of two annas

8 When any person is in possession of a ration card and such possession is not authorised by virtue of this Order, he shall forthwith deliver the same to the Collector or the Issuing authority

CHAPTER II

Procedure for obtaining Ration Cards and supplies thereon

9 The head of any household residing or intending to reside in the C & M Station, Bangalore for a [illegible] household [illegible] Division in which he resides or intends to reside furnishing true and correct information in the prescribed form The Divisional Warden may make or cause to be made such enquiry as he deems fit for verification of the information furnished by the applicant

10 No person shall apply for a ration card for an infant if he has already obtained a ration card for that infant

11 No person shall obtain a ration card by furnishing false information

12 No person shall obtain or attempt to obtain milk on more than one ration card issued in the name of any infant If more than one ration card is issued in the name of any infant the person in possession of the ration cards shall forthwith report the fact and deliver or cause to be delivered the additional ration card or cards to the Divisional Warden of the Division in which he resides

13 (1) When a person has made an application as required by clause 9, a ration card to obtain milk under this Order for the infant for whose benefit the application has been made may be issued by the Divisional Warden after the coupons for the dates which have elapsed at the date of its issue are cancelled

(2) A ration card shall consist of separate coupons one for each day of every month each coupon shall be equivalent to one unit and valid for the days specified on it

(3) The quantity of milk represented by each unit on a ration card shall be 8 ounces

14 No person shall obtain milk on a ration card under this Order, unless—

(a) the head of the household has signed or put his thumb impression on the ration card in the space provided for the purpose and complies with any other directions which the Collector or an officer authorised by him for the purpose may issue in this behalf and

(b) the holder of the ration card is allotted to a milk distributing centre by the Divisional Warden concerned

15 (1) On demand and offer of the concessional price on behalf of the holder of a ration card allotted to a milk distributing centre and against cancellation of the appropriate coupon, the milk distributing officer in charge of the centre shall supply milk not exceeding the quantity obtainable on the coupon

(2) Such officer shall comply with any other direction that may be issued in this behalf by the Collector or an officer authorised by him for the purpose

16 The Collector or an officer authorised by him in this behalf may issue instructions transferring the name of a person allotted to any milk distributing centre to another

CHAPTER III

Notices required to be given in respect of Ration Card holders

17 (1) The head of the household of which an infant holder of a ration card is a member shall notify in writing to the Issuing authority the absence of such infant from the Civil and Military Station Bangalore for more than seven days The notice shall if not given in advance be given within ten days from the date of absence and shall contain the following particulars, namely —

(1) Serial No of ration card
(2) Name and address of the head of the household
(3) Full name and age of the infant
(4) Date on which departure tool place and period of expected absence
(5) Number of milk distributing centre and address

Provided that in lieu of giving such notice of the household may by himself or thro[illegible]

...y Station Bangalore within eight weeks from the date of its absence the ration card so deposited shall be returned to the head of the household or his agent on production of the receipt before the Divisional Warden of the Division in which he resides

(2) In the case of the absence of an infant holder of a ration card from the Civil and Military Station, Bangalore for more than eight weeks the head of the household of which such infant is a member shall, surrender within nine weeks from the date of its absence to the Divisional Warden in which he last resided—

(a) if a notice as required by sub clause (1) has been given the ration card of such infant or

(b) if the ration card has been deposited under the proviso to sub clause (1) the receipt therefor and thereupon the ration card shall be cancelled

(3) In the case of death of an infant holder of a ration card the head of the household of which such infant is a member shall within ten days from the date of death surrender the ration card to the Issuing authority for cancellation

18 Every head of the household shall notify in writing any change in the address of an infant holder of a ration card who is a member of his household to the Divisional Warden of the Division in which the infant would reside The notice shall if not given in advance be given within ten days from the date on which the change of address takes place and shall contain the following particulars —

(1) Serial No of ration card
(2) Name of the infant holder of ration card
(3) His old address
(4) His new address

(5) Date from which change of address $\frac{\text{will take}}{\text{has taken}}$ place

Note —Every head of the household shall surrender the ration card issued to any infant of his household within ten days from the date on which such infant completes two years of age to the Divisional Warden of the Division in which he resides for cancellation

CHAPTER IV

19 Any milk obtained on a ration card under this Order shall not be used by any person other than the infant concerned or its nursing mother

Report No 97/ dated 16-7-1945 from the Health Officer, Bangalore City Municipality

---

Ref Memo No A8,Pr 488 dated 26th June 45, calling for a report regarding the supply of free milk to the expectant and Nursing Mothers and Children in the City.

Submitted to the Municipal Commissioner.

The Government in their order No L 6825-7/Ml 10-44-59 dated 9-1-45 have sanctioned the opening of Three Milk Centres in the II, III and IV Divisions It was possible to open the Centres in II and III Divisions only in the early part of July 45 The centres are located in Poorniah Choultry in II Division and in Belimutt Creche in III Division There was some delay in opening these centres due to the Municipal Buildings requring certain repairs The Milk Centre at Belimutt Crech was opended on 4th June 45, and the centre at Poorniah Choultry on 6th June 45 In both these centres 4776 Children under 2 years of age and 268 Expectant Mothers have been served with Milk during June 45 The total quantity of Milk distributed is 1261 seers and the average number of persons benefited by this scheme is 97 per day There are still a number of children who deserve the Milk gratis. But as the supply of milk is limited, it is not possible to increase the number.

A number of people are approaching me for giving milk free to their infants and the request has to be rejected It is hoped that the III centre will be started shortly

Sir,

Opening of Milk C e n t r e s

I have the honour to state that the Director of Food Supplies in Mysore, Bangalore forwarded to this office for necessary action, a copy of the resolution passed by the Bangalore City Food Council on 23-2-1945, regarding the Scheme for rationing fresh milk to infants etc , (copy enclosed for ready reference)

2 On a report called for in the matter, the Health Officer submitted a proposal for opening 18 Centres in the City for supplying milk free of cost to 3,500 children under 2 years of age involving an annual expenditure of Rs 1,88,000/-

3 The proposal of the Health Officer came up before the Municipal Council in their meeting held on 17-9-45 and they have resolved that 18 Milk Centres as proposed by the Health Officer may be opened provided that the Government agree to bear the cost of milk required for distribution at the centres

4 I therefore request you kindly to move the Government to accord sanction to the resolution of the Council and also to bear the cost of the milk (i e , Rs 13,125/- per month) as resolved by the Council A copy of the resolution with a copy of Health Officer's report proposals are ~~herewith enclosed~~

herewith appended

I have the honour to be,

Sir

Subject — Opening of Milk Centres in Bangalore City

Referring to your letter No L 14740 dated 29-6-1946 on the the above subject, I have the honour to state that the idea of starting 18 Milk Centres in Bangalore City providing for free - supply of milk daily to about 3,500 children under 2 years is a good one, and should be encouraged The per-capita consumption of milk here according to available data is only 1 ounce, as against the All-India average of 6 ounces and the optimum requirement of 8 ounces for promoting normal growth and strength The repercussions of such low consumption of milk especially on growing children are serious and would certainly tell upon the States public health rather adversely

The staff and expenditure proposed by the Health Officer are reasonable

In order to ensure the supply of clean, wholesome and disease-free milk to these Centres, it is necessary to undertake periodical inspection of cattle in the areas from which milk is supplied to these Centres for freedom from diseases communicable to human beings The Centres will have to be frequently inspected to ensure cleanliness of premises, personnel and utensils, while the milk itself should be examined as often as possible in all the Centres for purity, as also for freedom from disease bearing germs The work will have to be undertaken conjointly by the staff of this

p t o

this Department as well as that of the Public Health Department

In the circumstances stated above I am of opinion that the proposals of the City Food Council and the City Municipality for starting free milk centres in Bangalore City deserve favourable consideration of the Government

I have the honour to be,
Sir,
Your most obedient servant,

P N Narasimhamurthy
